RVS COLLEGE OF ENGINEERING AND TECHNOLOGY

JAMSHEDPUR, JHARKHAND

Approved by AICTE, New Delhi. Affiliated to Jharkhand University of Technology, Jharkhand.

RVS College of Engineering and Technology, anchored in Jamshedpur, Jharkhand, set sail in 2004 with the purpose of charting new territories in technical education to empower society. Our 30-year odyssey has been a rich journey, a harbor for our crew of innovators to thrive. We are proudly celebrating our 30th anniversary, operating under the highest standards in the realm. Our seasoned faculty is dedicated to providing a comprehensive curriculum focused on hands-on training to forge practical mastery.

Helix is a student-driven initiative dedicated to **fostering technical excellence** and **innovation** within the college community. The club provides a structured platform for students to enhance their **programming skills**, engage in **collaborative** learning, and apply their knowledge through practical projects. With a focus on coding challenges, **technical workshops**, **hackathons**, and **knowledge-sharing sessions**, Helix nurtures **problem-solving abilities** and encourages members to explore diverse areas of computer science. The club emphasizes both individual growth and teamwork, equipping students with the skills required to excel in academic pursuits, industry roles, and competitive programming. By cultivating an environment of discipline, **creativity**, and continuous learning, Helix aspires to inspire **future technologists** and innovators who can contribute meaningfully to the **ever-evolving digital landscape**.

About

HACK QUBIT

Hack Qubit 2.0 is the flagship 24-hour national-level hackathon organized by HELIX, the Tech & Sports Club of RVS College of Engineering and Technology, Jamshedpur.

Scheduled for October 7-8, 2025, this event serves as a high-energy platform for competition, learning, prototyping, and technical innovation, bringing together top student developers, designers, and problem-solvers from across the country to address real-world challenges in software development, artificial intelligence, and modern technology.
